OFFICE OF LIBRARY DEVELOPMENT
AND SERVICES
MINNESOTA DEPARTMENT OF EDUCATION

Services of the Office of Library Development and Services

(Formerly Office of Public Libraries and Interlibrary Cooperation)

The Office of Library Development and Services offers consultant, advisory and guidance services to librarians, library boards, public officials, and citizen groups interested in libraries and library development. The staff also administers the Minnesota program for public library development and multi-county multi-type library cooperating with state and federal funds appropriated for these purposes.

The Minnesota Library for the Blind and Physically Handicapped, located in Faribault and serving eligible users throughout the state, is part of the office, as is the Interagency Resource and Information Center, located in St. Paul and serving staff in six government agencies.

Inquiries concerning services and programs should be directed to Director, Library Development and Services, 440 Capitol Square, 550 Cedar Street, St. Paul, MN 55101.

William G. Asp, *Director*
Alan D. Lewis, *Assistant Director and Supervisor of Library Development*
Pat Tupper, *Supervisor,* Interagency Resource and Information Center
Myrna Wright, *Supervisor,* Minnesota Library for the Blind and Physically Handicapped
Janice Feye-Stukas, *Public Library Specialist*
Nowell D. Leitzke, *Adult and Media Services Specialist*
Suzanne Mahmoodi, *Continuing Education and Library Research Specialist*
Darlene Arnold, *Senior Librarian,* Library and Information Science Library

MINNESOTA LIBRARIES is published quarterly by the Office of Library Development and Services, Minnesota Department of Education

Minnesota Public Library Systems 1982

Introduction by
William G. Asp

This issue of Minnesota Libraries reports public library statistics for the library fiscal year ending during the calendar year 1982. In most cases, the library fiscal year coincides with the calendar year, and in all cases the statistics are comparable with those published for more than eighty years.

Statistics are gathered as required by Minnesota Statutes 134.31, Subd. 4. Forms were distributed in January, 1983, to all Minnesota public libraries. Information reported is that supplied by each library.

Returned forms were checked by Jan Feye-Stukas, Cherie Eichinger, Ruth Miller and Alan Lewis. Some 200 data elements were loaded into an Apple II microcomputer using DB Master software for tabulation. Charts were prepared on a Diablo 620 printer. Regretably, printing of the statistics was delayed due to freezes in state operating expenditures.

Space does not permit publication of all available data. Some of the additional data is summarized in this introduction. Persons interested in specific tabulations should contact Jan Feye-Stukas. Persons noting errors in an entry should report the errors to Jan Feye-Stukas.

The Population Served

At the end of 1982, the number of Minnesota citizens served by tax-supported public libraries was 3,949,689 or 96.9% of the state's population. Of the population with public library service, 98% are served by libraries participating in regional public library systems.

There were 329 staffed public library buildings in 1982, four more than in 1981. The four new libraries are the North Branch branch of the East Central Regional Library, the Eagle Bend branch of the Great River Regional Library, the Ridgedale Library of the Hennepin County Library, and the Ivanhoe Public Library, a member of the Plum Creek Library System.

Minnesota's public libraries are organized into 135 administrative units — regional, county and city libraries. The number of libraries not affiliated with a regional system declined to 23 when Kasson joined Southeastern Libraries Cooperating. At the end of 1982, the number of counties with no countywide library service remained at 16. The number of Minnesotans with no tax-supported public library service declined to 126,281. The decision of Traverse County to join Viking Library System will reduce the number of unserved persons.

The number of bookmobiles operated by Minnesota public libraries declined from 31 to 30; Ramsey County Public Library replaced its bookmobile with a summer book van. The number of stations, collections of materials in agencies such as nursing homes, hospitals and jails, grew from 246 to 264.

Staff in Minnesota public libraries grew from 1,794.4 full-time equivalent to 1,830, but the number of full-time equivalent staff holding a Masters Degree in Library Science declined slightly from 340.9 to 337.2.

The Supply of Library Materials

Public libraries report growing collections of books, magazines, disc and tape recordings, video cassettes and discs, 16mm and 8mm films, art prints and other audiovisual items. As 1982 ended, there were 9,636,695 books, 20,588 periodical subscriptions and 4,304,235 audiovisual, vertical file and miscellaneous items in Minnesota public library collections. This is an increase of 12.7% over 1981.

The Sharing of Library Resources

Minnesota's public libraries continue to use resource sharing networks to obtain for their users needed items which are in the collections of other libraries. Participating libraries may obtain materials from other libraries within their regional public library system, or in some instances, their multi-county multi-type library system. Materials in collections of the metropolitan public libraries are shared with public libraries throughout the state through the Public Library Access Network (PLANET), headquartered at the St. Paul Public Library. Materials in academic, pub-

lic and special libraries are shared under a contract for services of the Minnesota Interlibrary Telecommunications Exchange (MINITEX).

Public libraries reported a total of 173,040 requests sent to regional or statewide systems, an increase of 4.3% over 1981. Of this total, 157,866 or 91.2% of the requests were filled. Regional systems supplied 107,488 items, or 68.1% of the total, a substantial increase over 1981. PLANET supplied 24,540 items or 15.5% of the total, also an increase over 1981. MINITEX supplied 19,323 items, or 12.2% of the total. Other sources accounted for 6,515 items, 4.1% of the total.

The volume of interlibrary loan activity, although increasing, continues to account for less than one-half of one percent of the total circulation of Minnesota's public libraries. While the percentage is small, the availability to library users of materials beyond the local library is of incalculable value and importance.

The Use of Public Libraries

Public libraries are used for reference information, support of formal education, informal educational pursuits, browsing, leisure reading, group meetings, and numerous other purposes. In most libraries many of these uses are unrecorded.

Library circulation is only one indicator of library use. It is the only measure used in every Minnesota public library, so it is the only available indicator of public library use statewide. Circulation on a statewide basis can give only a gross indication of library use and increases or decreases from year to year.

Public libraries report that Minnesotans borrowed 26,942,875 items in 1982, an increase of 5% over 1981. Per capita circulation rose from 6.5 items in 1981 to 6.8 items in 1982. While this figure is somewhat below the per capita circulation in the 1930's, that decade witnessed the highest per capita use of public libraries in our history. Periods of reduced personal income and increased unemployment have always been accomplisned by increased use of public libraries.

Some Minnesota public libraries, using statistical samples, estimate the use of materials in the library which are not checked out. Libraries reporting in-library circulation estimated a total of 7,902,400 items used in their buildings, with 7,074,750 of these items reported by the nine libraries in the Metropolitan Library Service Agency.

Special Services of Public Libraries

A number of Minnesota public libraries report specialized services for persons having special needs. Service in institutions such as hospitals and nursing homes is reported by 112 libraries, and 26 libraries report serving persons in correction facilities. Eighty-six libraries report that they serve persons who are homebound, and 38 report specialized services for persons having handicapping conditions. Fifteen public libraries offer services specifically for migrant workers, and 12 report specialized services for ethnic minorities. Twenty-eight public libraries reported providing services for day care centers. Six public libraries reported that they are involved in literacy programs.

Public Libraries and Cable Television

Public library involvement in cable television is growing rapidly. Public libraries in Cloquet, Jackson County and Two Harbors operate the local public access cable channel. Anoka County Library and Cloquet Public Library operate library channels. Training in production for cable television is provided by the Anoka County Library, Arrowhead Library System, Cloquet Public Library, Hennepin County Library, Silver Bay Public Library and Two Harbors Public Library. Eleven public libraries report that they produce programs for cable television, and six report that they are involved in cable television in other ways.

Public Library Funding

Public library service in Minnesota continues to be financed primarily from county and city funds. Public library receipts in 1982 totaled $48,841,987, an increase of 5.8% over 1981. Local support, which accounts for 84.4% of the total, increased 6.8%. State and federal funds provided 9.2% of the total, and declined 2.8%. The remaining 6% is miscellaneous sources of income. Fines and fees accounted for 1.8%, gifts for 1.4%, interest for .7%, and all other sources for the remainder.

Local receipts per capita increased from $9.83 in 1981 to $10.48 in 1982, an increase of 6.6%. With some notable exceptions, local support tends to be highest in the seven county Twin Cities metropolitan area. Excluding the libraries in these counties, average local support per capita in 1982 was $6.31. While this represents an increase of 7.5%, clearly a general need remains for increased financial support for Minnesota public libraries.

Receipts reported are only for operating purposes, and as in previous years exclude capital expenditures. Also excluded are indirect receipts or inkind contributions, the estimated dollar value of services paid by cities or counties for expenses such as utilities and space in city-owned buildings. Often it is extremely difficult to estimate the value of these indirect receipts. Libraries reported an estimated total of $1,424,252 in 1982, an increase over 1981.

Public library expenditures for capital outlay in 1982 totaled $2,630,635, a decrease from the $3,677,378 reported in 1981. Most of the 1982 expenditures were for building or remodeling projects in Hennepin County, Ramsey County, Arrowhead Library System, Owatonna and Viking Library System.

Public Library Expenditures

Operating expenditures of Minnesota public libraries in 1982 totaled $48,319,312, an increase of 8% over 1981. Per capita expenditures for the population served increased from $11.34 to $12.23.

Expenditure patterns in 1982 resemble closely patterns in previous years. Expenditures for personnel were 66.4% of total expenditures, and increased 7.5%. Expenditures for materials were $7,467,415 and increased 8.1%.

Public libraries reported spending $5,830,313 for books, an increase of 12.3%. Expenditures for periodicals totaled $654,599, a slight decrease from 1981. Expenditures for microforms were $56,059, for pamphlets and other vertical file materials $87,572, for audiovisual materials in all formats $711,131, for database searching $114,640, and $13,101 for all other materials.

Arrangement and Content of Tables

The arrangement and content of the tables is similar to reports in previous years. The summary table provides totals for each regional public library system and for the unaffiliated public libraries. Totals for the state are shown in this table.

Regional public library systems are reported in alphabetical order with system totals at the beginning. Data is presented for each branch of the consolidated regional public libraries and the county and city libraries. For federated regional public library systems, system totals are given first followed by data for system operations reflecting activities and services of the system headquarters. Member libraries of federated systems are reported next in alphabetical order. Bookmobiles are listed with their circulation and the total number of hours per week that they are available for public use. Circulation of books by mail programs is included in total system circulation. All per capita amounts were calculated using population data from the 1980 census. For individual libraries, per capita amounts were calculated using the population for the governmental unit primarily responsible for financing the library.

Sometimes useful comparisons can be made by size of library, population or budget. Computer printouts can be made using these characteristics and may be obtained by contacting Jan Feye-Stukas.
